Re: Contract for Summer Camp Program Attendance – 2019

Below is the form required to register your child for our Summer Camp and our *NEW* Kindergarten Kamp programs. Kindergarten Kamp is for children that will be entering Kindergarten Fall 2019 and was developed to help them transition from preschool to school. Kindergarten Kamp will follow the same themes but some activities will be modified to suit. Summer Camp is for children that have completed Kindergarten and are entering Grade 1 or higher grades.

Please check only the weeks your child will be attending and **return no later than Friday May 24, 2019**. Please give careful consideration for the weeks that you choose below, as your pre-authorized debit amounts throughout the summer will reflect all of the weeks you choose and this signed letter forms your **official contract** with Small Blessings Summer Program. Once this contract is signed and returned it will become your financial commitment and the contract stands, up to and including August 30, 2019.

Please take note of the fun and exciting activities that are planned for your children to enjoy - activities that will enhance your child’s experience such as physical activity, science, nature, the arts, and leadership.

Janice Rice, Director
